AAP members can comment on resolutions that will be presented during the August Leadership Conference, as the Academy aims to incorporate diverse perspectives into discussions about leading pediatric issues.

The Leadership Conference, a combination of the Annual Leadership Forum and district meetings, will take place Aug. 5-8. AAP district, chapter, committee, council and section leaders who attend will take member feedback into account as they vote on advisory resolutions that help guide future Academy actions.

Members can share their comments regarding the resolutions at <https://resolutions.aap.org> through July 28 (login required). Comments will be posted online by Aug. 2. Any deemed inappropriate or slanderous will be removed.
