Article type: [For Your Information](#)

Abstracts for the 2020 National Conference & Exhibition and session proposals for the 2021 National Conference & Exhibition are being accepted until 11:59 p.m. EDT April 15.

Abstract submitters must select from the 33 participating section/council programs, which cover clinical matters or research related to subspecialty or special interest areas. Health professionals in any field are welcome to submit abstracts for the 2020 National Conference Oct. 2-6 in San Diego. To see a list of programs and details, visit www.AAPexperience.org/abstracts.

Session proposals are being accepted for the 2021 National Conference Oct. 8-12 in Philadelphia. Final decisions on proposed sessions will be made by the National Conference & Exhibition Planning Group. Health professionals in any field are welcome to submit. For details, including session types, topic areas and proposal requirements, visit www.AAPexperience.org/session-proposals.
