

## CONTENTS

**ADOLESCENT MEDICINE**

- S89 **Suicide Attempts in Childhood and Adolescence During a Period of 6 Months**
- S89 **Health Risk Behaviors of Students in an Anatolian University**
- S89 **Internet Use and Abuse in an Adolescent Population in Athens: Associations With Psychological Profile and Lifestyle of Users**
- S90 **Siesta and Sleep Habits of Adolescents in Greece**
- S90 **Prevalence of Sexual Abuse Among Adolescent Medical and Nursing Students in a College in Punjab, India**

**ALLERGOLOGY**

- S91 **Correlation Between Allergic Rhinitis, Asthma, and Atopic Dermatitis In Children**
- S91 **Cytokine Profile in Long-term Use of Inhaled Corticosteroid in Asthmatic Children Receiving Specific Immunotherapy**
- S92 **Antibiotic Skin Testing for Children Labeled With Type 1 Hypersensitivity: A Useful Clinical Tool**
- S92 **Milk-Specific Immunoglobulin E/Total Immunoglobulin E Ratio as a Predictor of Positive Oral Food Challenges in Children With Allergy to Cow's Milk**
- S92 **Breastfeeding and Atopic Disease in Childhood: The Genesis Study**
- S93 **Essential Fatty Acid Status in Cord-Blood Erythrocytes and Possible Fetal Priming of Atopy**

**CARDIOLOGY**

- S93 **Clinical Significance of Linear Shadows Inside Coronary Arterial Lesions on Two-dimensional Echocardiography in Patients With Kawasaki Disease**
- S94 **Long-term Follow-up Results of Percutaneous Catheter Intervention for Coronary Artery Lesions After Kawasaki Disease: Multicenter Collaborative Study**
- S94 **Exposure to Tobacco Smoke Decreases Elasticity of the Aorta in Children**
- S95 **Rheumatic Fever in the New Millennium**
- S95 **Experimental Research of Simvastatin in Reversing Pulmonary Vascular Remodeling in Vivo and in Vitro**
- S96 **Left-Ventricular Mass Index in Hypertensive Children and Adolescents**
- S96 **Strategy for High-Dose Immunoglobulin Therapy–Resistant Kawasaki Disease: Current Status in Japan**

**COMMUNITY PEDIATRICS**

- S96 **The American Academy of Pediatrics I-CATCH Program: Improving Children's Access to Community-Based Care in Resource-Limited Settings**
- S97 **The European Association for Children in Hospital (EACH) Charter**
- S97 **Traditional Practices Affecting Child Health: A Sub-Saharan African Experience**
- S98 **Measuring Quality of Life in Greek Children: First Psychometric Results of the Greek Version of the Pediatric Quality of Life Inventory (PedsQL) 4.0 Generic Core Scales**
- S98 **Management of Children With Otitis Media: A Survey of Australian Aboriginal Medical Services**

# CONTENTS

S99 Health Needs of Children Living in Out-of-Home Care

## CRITICAL CARE

S99 Prediction of Capillary Leakage in Patients With Dengue Virus Infection: What Else Besides Hematocrit and Platelet Counts?

S99 A Double-Blind Randomized, Controlled Trial of Protein Energy–Enriched Formula Administered to Critically Ill Infants

## DEVELOPMENTAL AND BEHAVIORAL PEDIATRICS

S100 Cognitive and Behavioral Abilities of Children With HIV Infection in Greece

S100 Behavioral Problems in Children With Learning Difficulties According to Their Parents and Teachers

S101 Quality of Life of Children With Mental Disabilities and Their Families in Cyprus

S101 Evaluation of Learning Difficulties in Epileptic Children With Idiopathic Generalized Epilepsy and Well-Controlled Seizures

S102 Multidisciplinary Medical Evaluation of Children Younger Than 7.5 Years Born After Preimplantation Genetic Diagnosis for Monogenic Diseases

S102 Linguistic Development of Children With Williams Syndrome: A Control Study

S103 A Normal Life With an Unhealthy Body: Self-identity in Adolescents Growing up With Chronic Illness

## ENDOCRINOLOGY

S103 Lymphocytes in Peripheral Blood and Thyroid Tissue in Children With Graves' Disease

S104 *HLA-DQB1\*05* Association With Hashimoto Thyroiditis in Children of Northern Greek Origin

S104 Impaired Diurnal Blood Pressure and Heart Rate Variation and Their Relationship With Left-Ventricular Function in Adolescents With Type 1 Diabetes Mellitus

S105 Adiponectin and Peroxisome Proliferator-Activated Receptor  $\gamma$  Expression in Subcutaneous and Omental Adipose Tissue in Children

S105 Effect of Body Weight on Bone Age and Hormonal Parameters in Children With Premature Adrenarche

S106 Management of Diabetic Ketoacidosis: Successful Management Experience of More Than 32 Years

## EPIDEMIOLOGY

S106 Asthma in Greek Children From Birth to 18 Years: A Longitudinal Study

S107 Congenital Malformations Associated With Pesticides in Encarnación, Paraguay

S107 The Global Burden of Childhood Otitis Media and Hearing Impairment: A Systematic Review

S107 Human Bocavirus in Greek Children With Respiratory Tract Infection

S108 Genetic Characterization of the F Protein of Respiratory Syncytial Virus Strains Isolated in the Beijing, China, Area

S108 Seroepidemiology of Hepatitis A in Greek Children

S109 Social Factors Associated With Child Abuse and Neglect in Guadalajara, Mexico

## GASTROENTEROLOGY, HEPATOLOGY, AND NUTRITION

S109 Effect of Cobalamin Supplementation in Infants: A Randomized, Controlled Trial

# CONTENTS

- S110 Central Obesity Is the Major Risk Factor for Failure of Obesity Management During Consolidation Phase in Children
- S110 Nutritional Status in Cystic Fibrosis
- S110 Transmission of *Helicobacter pylori* Infection in Mother-Infant Pairs
- S111 Impact of Zinc Supplementation on Growth: A Double-Blind, Randomized Trial Among Urban Iranian Schoolchildren
- S111 *TEL/AML1*<sup>+</sup> Acute Lymphoblastic Leukemia in the Greek Pediatric Population
- S112 Behavioral Variables in Functional Dyspepsia: The Type A Behavior Pattern, Symptoms Occurrence, and Effectiveness of Pharmacologic Treatment in School-Aged Children
- S112 Does Intrafamilial Spread Play a Role for *Helicobacter pylori* Infection in Children?
- S113 Therapeutic Effect of a Magnesium-Enriched Formula on Infants With Constipation
- S113 Double-Blind Trial of Formula in Distressed and Regurgitating Infants

## GENERAL PEDIATRICS

- S113 Pediatricians' Awareness of and Attitudes About Otitis Media: Results of a Multinational Survey
- S114 Assessment of Differences Between the New World Health Organization Child-Growth Standards and the Centers for Disease Control and Prevention 2000 Growth Charts in Latin American Children: Which Reference Should We Use?
- S114 Children With Persistent Wheezing Associated With Human Bocavirus Infection in China
- S115 The Children in Disasters Project: Addressing the Special Needs of Children in Man-made and Natural Disasters
- S115 Probiotics Reduce Incidence and Duration of Respiratory Tract Infection Symptoms in 3- to 5-Year-Old Children
- S115 Prevalence and Incidence of a Newly Defined Type of Diabetes in Children, Adolescents, and Adults in the Largest International Series to Date

## GENETICS

- S116 Identification of 7 Novel Transforming Growth Factor  $\beta$  Receptor 2 Mutations in Chinese Patients With Marfan Syndrome
- S116 Mutational Analysis of *PTPN11* and *KRAS* Genes in Taiwanese Children With Noonan Syndrome
- S117 Screening of Mutations in the *NPHS2* Gene in Greek Patients With Autosomal-Recessive Steroid-Resistant Nephrotic Syndrome
- S117 Clinical Studies and Analysis of the Rett Syndrome Gene (*MECP2*) in Children With Mental Retardation in the Greek Population

## HEMATOLOGY AND ONCOLOGY

- S118 Assessment of Bone Mineral Density and Markers of Bone Turnover in Children Undergoing Long-term Oral Anticoagulant Therapy
- S118 In Vitro Assessment of Mesenchymal Stromal Cell Characteristics: Implications for Their Clinical Use
- S119 *NDRG1* Expression in Childhood Leukemia and Its Correlation to Prognosis and Therapeutic Response
- S119 Immune Status and Immune Recovery in Children With Lymphoma at the End of Therapy (Chemotherapy and/or Radiotherapy) and in Follow-up Evaluations
- S120 Suppression of the Olivocochlear Reflex: A Neurotoxic Adverse Effect of Vincristine
- S120 Screening Newborns for Sickle Cell Disease in Ghana

# CONTENTS

- S121 Prospective Follow-up of Patients With Ewing Sarcoma Within the Late Effects Surveillance System
- S121 Hematopoietic Stem Cell Transplantation for the Treatment of Thalassemia: The Greek Experience
- S121 Two-Decade Experience and Long-term Survival in Pediatric Non-Hodgkin's Lymphoma
- S122 Serum Levels of *MYCN* Amplification in Neuroblastoma With Tumor-Released DNA by Real-Time Quantitative Polymerase Chain Reaction
- S122 Recurrent Idiopathic Thrombocytopenic Purpura in Childhood
- S123 Seasonal and Gender Differences in the Prevalence of Infant Anemia
- S123 Should the Pelvis Be Included in Abdominal Computed Tomography Scans of Children With Upper-Abdominal Primary Malignant Tumors?
- S124 Monocytes Expressing Tissue Factor as a Diagnostic Marker for Neonatal Sepsis

## IMMUNOLOGY

- S124 Response of the Immune System to Surgical Stress in Children With Congenital Heart Diseases and Concurrent Thymomegaly
- S125 Systematic Review of Diagnostic Criteria and Clinical Features of Familial Hemophagocytic Lymphohistiocytosis
- S125 Mannose-Binding Lectin (MBL) Gene Polymorphisms and Serum MBL Levels in Children With Recurrent Respiratory Tract Infection
- S125 Research of Mannose-Binding Lectin and Interleukins 10, 12, and 18 in Children With Henoch-Schönlein Purpura
- S126 Respiratory Syncytial Virus Induced More Serious Infection and Inflammation in Nude Mice Than in BALB/c Mice

## INFECTIOUS DISEASES

- S126 Diagnostic Value of in Situ Polymerase Chain Reaction in Childhood Leprosy
- S127 Detection and Molecular Serotyping of Group B *Streptococcus* in Fatal Neonatal Pneumonia in China
- S127 Peripheral Blood Count for Dengue Severity Prediction: A Prospective Study in Thai Children
- S128 Spectrum and Management of Otitis Media in Australian Indigenous and Non-Indigenous Children: A National Study
- S128 Serological Study on Immunity to Measles and Mumps in Northern Greek Children
- S129 Comparison of Pediatric Logistic Organ Dysfunction (PELOD) Score and Pediatric Risk of Mortality (PRISM) III as a Mortality Predictor in Patients With Dengue Shock Syndrome
- S129 Middle-Ear Fluid *Streptococcus pneumoniae* Susceptibility and Serotype and Distribution in Mexican Children With Acute Otitis Media
- S129 Role of Thrombomodulin in Detection of Endothelial Cell Destruction After Infection With Falciparum and Tertian Malaria
- S130 ROTASCOPE Study: Epidemiological Observational Study of Acute Gastroenteritis With or Without Rotavirus in Greek Children Younger Than 5 Years
- S130 Diagnosis of Tuberculosis Lymphadenitis in Children
- S131 Surveillance of Influenza in Children Younger Than 5 Years in a Tertiary Care Hospital in Bangkok, Thailand
- S131 Literature Review of Rotavirus Prevalence in Africa
- S132 Association of Cytokine-Related Gene Expression With Dengue Infection Severity
- S132 High Seroprevalence of Human Metapneumovirus Infection in Children in the Chongqing, China, Area

# CONTENTS

- S133 **Detection of Human Bocavirus in Chinese Children With Respiratory Tract Infection**
- S133 **Combination of Artesunate-Amodiaquine as a Treatment for Uncomplicated Falciparum Malaria in Children**
- S133 **Interleukin 18 Gene Polymorphism as a Potential Host-Susceptibility Factor in Tuberculosis in Chongqing, China**
- S134 **Association of Polymorphisms of the Interleukin 18 Receptor: A Gene With Susceptibility to Tuberculosis in Chongqing, China**
- S134 **Placental Adenoviral Genome: Polymerase Chain Reaction Detection and Placental Histology in Preterm and Term Infants**
- S135 **Outbreak of Human Metapneumovirus Infection in Children in Chongqing, China**

## NEONATOLOGY

- S135 **Infant-Ventilator Interaction Can Affect Cerebral Blood Flow in Preterm Infants: Comparison Between 2 Modes**
- S136 **Lipid Profile of Premature Infants up to the Age of 3 Years**
- S136 **Ionized Serum Calcium, Not Serum Total Magnesium, Predicts Outcome in Neonatal Hypoxic-Ischemic Encephalopathy**
- S136 **Cerebral Oxygenation Responses During Skin-to-Skin Care in Low Birth Weight Infants**
- S137 **Amniotic Fluid Transforming Growth Factor  $\beta$  and the Development of Neonatal Chronic Lung Disease**
- S137 **Age-Related Serial Plasma Citrulline Levels in Preterm Neonates**
- S138 **Short-term and Long-term Outcome of 596 Infants Born to Mothers With Cardiac Disease**
- S138 **Investigation of Hearing Impairment in Post-Neonatal Intensive Care Unit Infants by Using Automated Auditory Brainstem Response**
- S139 **Infant Outcome After Antenatal Steroids in Preterm Pregnancies With Absent Umbilical End-Diastolic Flow**
- S139 **Topical Coconut Oil Application Reduces Transepidermal Water Loss in Preterm Very Low Birth Weight Neonates: A Randomized Clinical Trial**
- S140 **N-Terminal Pro-Brain Natriuretic Peptide and Patent Ductus Arteriosus in Preterm Infants**
- S140 **Predictive Value of Amplitude-Integrated Electroencephalography on Outcome in Neonatal Extracorporeal Membrane Oxygenation**
- S140 **Freedom of Breath, Foundation of Life**
- S141 **Electron Microscopic Analysis of Bacterial Biofilm on Tracheal Tubes Removed From Intubated Neonates and the Relationship Between Bacterial Biofilm and Lower Respiratory Infections**

## NEPHROLOGY

- S142 **Using Nonsteroidal Antiinflammatory Drugs in Volume-Depleted Children Can Precipitate Acute Renal Failure**
- S142 **Roles of SCAP (Sterol Regulatory Element-Binding Protein Cleavage-Activating Protein) in the Mechanism for Mesangial Foam-Cell Formation Under Inflammatory Stress**
- S143 **Neither Clinical nor Biological Data Can Predict Renal Involvement in Infants With Febrile Urinary Tract Infection**
- S143 **Immune Findings in Children With Idiopathic Nephrotic Syndrome: Could They Predict the Response to Steroid Therapy?**
- S143 **Renal Involvement in Children With Glycogen-Storage Disease**

# CONTENTS

- S144 **Leptin and Leptin Receptor in Serum and Urine From Children With Nephrotic Syndrome Accompanying Hyperlipidemia**
- S144 **Long-term Prognosis of Henoch-Schönlein Nephritis in Children**

## NEUROLOGY

- S145 **Thyroid Function in Epileptic Children Treated With Sodium-Valproate Monotherapy: A Prospective Long-term Study**
- S145 **Clinical Markers That Enhance Etiologic Yield in Global Developmental Delay**
- S146 **Effect of Duration of Status Convulsion on Neuronal Apoptosis and Early Apoptotic Events in Hippocampus of Rats**
- S146 **Proteolipid Protein 1 Gene Mutation in Chinese Patients With Pelizaeus-Merzbacher Disease**
- S146 **Iron-Deficiency Anemia Is Associated With Cerebral Sinovenous Thrombosis: A Case Series**
- S147 **Prediction of Neurodevelopmental Outcome After Perinatal Asphyxia Via Transcranial Cerebral Artery Doppler Ultrasonography**
- S147 **Focal Areas of High-Signal Intensity on Brain T2-Weighted Magnetic Resonance Imaging Scans Are Significant for the Diagnosis of Neurofibromatosis Von Recklinghausen Type 1**
- S148 **Behavioral and Emotional Problems in Children With Idiopathic Epilepsy and Well-Controlled Seizures**
- S148 **Visual Search Attention and Executive Function in Chinese Children With Williams Syndrome**

## OBESITY/METABOLISM

- S148 **Identification of the Obese Child: Adequacy of Body Mass Index and Fat Mass Index for Clinical Practice and Epidemiology**
- S149 **Comparison of International Obesity Taskforce Cutoffs, Centers for Disease Control and Prevention Growth Charts, and Body Mass Index z-Score Values in the Prevalence of Childhood Obesity: The Greek Obesity and Lifestyle Study**
- S149 **Association of Comorbidity With Obesity in Mexican Children and Adolescents**
- S150 **Thyroid Function and Ghrelin and Leptin Levels in Obese Children and Adolescents With and Without Insulin Resistance**

## PEDIATRIC RESEARCH

- S150 **Role of Nerve Growth Factor in Allergic and Inflammatory Lung Diseases**
- S151 **Prevalence of Tuberculosis Among Children Who Had Type 1 Diabetes and Were Admitted to Elminia University Hospital**
- S151 **Study on the Damage of Cultured Hippocampal Neurons Induced by Seizure-Like Discharge and the Effect of Brain-Derived Neurotrophic Factor on the Injured Neurons**
- S152 **Effects of Vitamin A on Lung Development in the Rat From Early Age to Adulthood**
- S152 **Marginal Vitamin A Deficiency in Pregnancy Can Induce Memory Deficit in Adult Offspring**
- S153 **Effects of Marginal Vitamin A Deficiency on Long-term Potentiation in Young Rats**
- S153 **Effect of BCG Vaccination on Splenic Dendritic Cell Development in Neonatal BALB/C Mice**
- S153 **Impact of Zinc Supplementation on Respiratory and Gastrointestinal Infections: A Double-Blind, Randomized Trial Among Urban Iranian Schoolchildren**
- S154 **Severe Lung Hypoplasia Is Observed in *DHCR24*-Knockout Mice: A Mouse Model of Desmosterolosis**

# CONTENTS

- S154 Using Q-Methodology to Explore Preferences for Care of Adolescents With Chronic Disorders: 4 Profiles
- S155 Effect of Perinatal Iron Deficiency on Behavioral Developments and Myelination Around the Hippocampus in Rats
- S155 Expression and Modulation of Aquaporin 5 in Hyperoxia-Induced Lung Injury
- S155 Protective Effect of *N*-Acetylcysteine on Hyperoxia-Induced Lung Injury and Its Interaction With P38 Mitogen-Activated Protein Kinase Signaling Pathway
- S156 Study of Pulmonary Surfactant and Surfactant Protein in Rats With Lipopolysaccharide-Induced Acute Lung Injury
- S156 Expression Change of Aquaporin 1 in Hyperoxic Lung Injury
- S157 Basic Features of Human Metapneumovirus Chinese Isolate Proteins
- S157 Apoptosis of Alveolar Type II Cell and c-Jun N-Terminal Kinase Signal Transduction Induced by Oxidative Stress
- S157 Effects of Mesenchymal Stem Cell Transplantation on Cardiac Function, Structure, and Electrophysiology in Rabbits With Dilated Cardiomyopathy

## PULMONOLOGY

- S158 Diagnosis of Airway Malacia Via Virtual Bronchoscopy
- S158 Idiopathic Pulmonary Hemosiderosis in Children: A Romanian Experience
- S159 Blood Levels of Interferon  $\gamma$  in Newborns and Children With or Without Respiratory Pathology
- S159 Intravenous Magnesium for Treating Acute Exacerbations of Asthma in Children: A Systematic Review
- S159 Diagnostic Bronchoalveolar Lavage for Pulmonary Fungal Infections in Critically Ill Children
- S160 Comparison of the 2 Bronchial Provocation Tests of Different Dosage Concentration Gradients for Infants
- S160 Evaluation of Tuberculin Skin Test in Unvaccinated 0- to 7-Year-Old Children of Northern Greece

## RHEUMATOLOGY

- S161 Clinical Course and Outcome in Children With Rare Connective Tissue Diseases: A Retrospective Review of a 17-Year Experience
- S161 Re-treatment and Risk Factors of Refractory Kawasaki Disease
- S161 Neuropsychiatric Symptoms in Chinese Children With Systemic Lupus Erythematosus
- S162 Recurrent Major Infections in Juvenile-Onset Systemic Lupus Erythematosus: A Close Link With Long-term Disease Damage

## SURGERY

- S162 Transluminal Endoscopic Treatment of Fenestrated Duodenal Membranes
- S163 Pyloric Stenosis: A Retrospective Study of an Australian Population
- S163 Laparoscopic Cholecystectomy in Children: A 5-Year Experience
- S164 Procalcitonin as a Predictor of Severe Appendicitis in Children

## VACCINATION

- S164 Immunogenicity and Safety of Concomitant Administration of Measles-Mumps-Rubella Vaccine and Varicella Vaccine by the Intramuscular or Subcutaneous Route
- S165 National Vaccine Injury Compensation Program In Korea: A 12-Year Experience
