ARTICLES

-  **Impact of Routine Childhood Immunization in Reducing Vaccine-Preventable Diseases in the United States** 36
- The US routine childhood immunization program continues to yield considerable reductions in incidence across all 14 diseases targeted by the program.
- Sandra E. Talbird, Justin Carrico, Elizabeth M. La, Cristina Carias, Gary S. Marshall, Craig S. Roberts, Ya-Ting Chen, Mawuli K. Nyaku*
-  **Value of the Immunization Program for Children in the 2017 US Birth Cohort** 37
- The US routine childhood immunization program saves \$55.1 billion in societal costs while preventing substantial unnecessary morbidity and mortality.
- Justin Carrico, Elizabeth M. La, Sandra E. Talbird, Ya-Ting Chen, Mawuli K. Nyaku, Cristina Carias, Claire E. Mellott, Gary S. Marshall, Craig S. Roberts*
-  **Neonatal Outcomes of Mothers With a Disability** 41
- Newborns of women with disabilities have elevated risk for neonatal complications, demonstrating the need for customized preconception and prenatal care, and tailored, family-centered newborn care.
- Hilary K. Brown, Simon Chen, Astrid Guttmann, Susan M. Haverkamp, Susan L. Parish, Joel G. Ray, Simone N. Vigod, Lesley A. Tarasoff, Yona Lunsky*
-    **Racism and Quality of Neonatal Intensive Care: Voices of Black Mothers** 44
- Through interviews with Black mothers of preterm infants hospitalized in the NICU, this study examines their perspectives of quality of care and effects of racism.
- Rachel E. Witt, Mia Malcolm, Bryanne N. Colvin, Monique R. Gill, Joel Ofori, Shireen Roy, Shannon N. Lenze, Cynthia E. Rogers, Eve R. Colson*
-  **Trends of Racial/Ethnic Disparities in Pediatric Central Line-Associated Bloodstream Infections** 47
- Authors of this study evaluated racial and ethnic disparities in central line-associated bloodstream infections using a generalizable cohort of children who received a central venous catheter.
- Brittany L. Willer, Joseph D. Tobias, Markita L. Suttle, Olubukola O. Nafu, Christian Mpydy*
-  **Developing Parenting Guidelines to Support Transgender and Gender Diverse Children's Well-being** 48
- We used the Delphi method to generate expert consensus about how parents and caregivers can support mental health and well-being of transgender and gender diverse children.
- Sabra L. Katz-Wise, Allegra R. Gordon, Kendall J. Sharp, Natalie Penhale Johnson, Laura M. Hart*

ARTICLES (continued)

- U Sex Assigned at Birth Ratio Among Transgender and Gender Diverse Adolescents in the United States** 49
- Utilizing data from a national transgender youth sample, this study reveals the sex assigned at birth ratio favors transgender adolescents assigned male sex at birth.
- Jack L. Turban, Brett Dolotina, Dana King, Alex S. Keuroghlian*
- U Medications and Adherence to Treatment Guidelines Among Children Hospitalized With Acute COVID-19** 50
- We evaluated medication utilization and adherence to treatment guidelines in children hospitalized for coronavirus disease 2019 across the United States.
- Julianne E. Burns, Cary Thurm, James W. Antoon, Carlos G. Grijalva, Matt Hall, Adam L. Hersh, Gabrielle Z. Hester, Emilie Korn, Mario A. Reyes, Samir S. Shah, Balagangadhar R. Totapally, Ronald J. Teufel, II*
- U Trends in Telehealth Antibiotic Prescribing for Children Through the COVID-19 Pandemic** 51
- We describe telehealth antibiotic prescribing patterns within our statewide pediatric primary care network during the coronavirus disease 2019 pandemic.
- Lily Payvandi, Emily Trudell Correa, Jonathan Hatoun, Heather O'Donnell, Louis Vernacchio*
- U Problematic Child Media Use During the COVID-19 Pandemic** 52
- Child problematic media use was elevated when parents experienced structural stressors and psychological distress.
- Emily Kroshus, Pooja S. Tandon, Chuan Zhou, Ashleigh M. Johnson, Mary Kathleen Steiner, Dimitri A. Christakis*
- U Changes in BMI During the COVID-19 Pandemic** 53
- This study evaluates whether the annual rate of change in child body mass index was higher during the pandemic than in previous years.
- Emily A. Knapp, Yanan Dong, Anne L. Dunlap, Judy L. Aschner, Joseph B. Stanford, Tina Hartert, Susan L. Teitelbaum, Mark L. Hudak, Kecia Carroll, Thomas G. O'Connor, Cindy T. McEvoy, T. ARTICLES (continued)

-  **Adolescent Use of Flavored Non-Tobacco Oral Nicotine Products** 56
 • Among adolescents in Southern California, use of flavored tobacco-free oral nicotine products was more common than all other nicotine and tobacco products except for e-cigarettes.
Alyssa F. Harlow, Erin A. Vogel, Alayna P. Tackett, Junhan Cho, Dae-Hee Han, Melissa Wong, Myles G. Cockburn, Steve Y. Sussman, Jennifer B. Unger, Adam M. Leventhal, Jessica L. Barrington-Trimis
- Intermittent Tiotropium Bromide for Episodic Wheezing: A Randomized Trial** 57
 • This randomized controlled trial compares intermittent tiotropium bromide treatment with intermittent fluticasone propionate treatment and with as-needed albuterol sulfate treatment in early childhood episodic wheezing.
Anne Kotaniemi-Syrjänen, Timo Klemola, Petri Koponen, Outi Jauholta, Henrikka Aito, Kristiina Malmström, L. Pekka Malmberg, Eero Rahiala, Seppo Sarna, Anna S. Pelkonen, Mika J. Mäkelä
-   **Insurance and Health Care Outcomes in Regions Where Undocumented Children Are Medicaid-Eligible** 61
 • Analyzing the National Survey of Children's Health 2019, we found lower uninsured rates and less forgone care where children are Medicaid-eligible, regardless of documentation status.
Julia Rosenberg, Veronika Shabanova, Sarah McCollum, Mona Sharifi
-  **Children's Health Insurance Coverage and Parental Immigration Status: 2015–2019** 64
 • Compared with citizen children with US-born parents, uninsurance rates among children from mixed-status families increased between 2017 and 2019, and the disparity widened over time.
Kevin H. Nguyen, Ira B. Wilson, Anya R. Wallack, Amal N. Trivedi
-  **Outcomes After Positive Syphilis Screening** 65
 • For 75,056 pregnancies, we explored the influence of false positive and true positive maternal syphilis screens on maternal and infant syphilis evaluations and treatment.
Nicola P. O'Connor, Patrick C. Burke, Sarah Worley, Kamran Kadkhoda, Oluwatosin Goje, Charles B. Foster
-   **Child Health Status and Health Care Use in Grandparent- Versus Parent-Led Households** 70
 • This study compares diagnosed child health conditions, health care utilization, and caregiver burden for a nationally representative sample of children in grandparent-led versus parent-led households.
Deepa S. Joshi, Lydie A. Lebrun-Harris
-   **Text Message Reminders for the Second Dose of Influenza Vaccine for Children: An RCT** 71
 • In this randomized controlled trial, we assessed the effectiveness of personalized text message reminders in increasing overall and timely second dose of influenza vaccine receipt.
Melissa S. Stockwell, Laura P. Shone, Ekaterina Nekrasova, Chelsea Wynn, Alessandra Torres, Miranda Griffith, Justine Shults, Rebecca Unger, Leigh Ann Ware, Chelsea Kolff, Donna Harris, Lindsay Berrigan, Heather Montague, A. Russell Localio, Alexander G. Fiks
-  **Autism Risk and Perinatal Antibiotic Use** 74
 • From a microbiome–gut–brain axis perspective, this population-based cohort study explores an association between antibiotic use during labor and delivery with autism spectrum disorder.
Amanda S. Nitschke, Jalisa L. Karim, Bruce A. Vallance, Celeste Bickford, Angie Ip, Nancy Lanphear, Bruce Lanphear, Whitney Weikum, Tim F. Oberlander, Gillian E. Hanley
-  **Classification of Children and Adolescents With Avoidant/Restrictive Food Intake Disorder** 75
 • This study confirms that avoidant restrictive food intake disorder is a heterogeneous diagnosis with 3 distinct classes corresponding to subtypes described in the literature.
Debra K. Katzman, Tim Guimond, Wendy Spettigue, Holly Agostino, Jennifer Couturier, Mark L. Norris
- Battery-Related Emergency Department Visits in the United States: 2010–2019** 76
 • This study captures the epidemiology of battery-related emergency department visits among children aged 18 years from 2010 to 2019 and compares to previous findings.
Mark D. Chandler, Khudeja Ilyas, Kris R. Jatana, Gary A. Smith, Lara B. McKenzie, J. Morag MacKay
