ARTICLES

-   **Disparities in Pharmacologic Restraint Use in Pediatric Emergency Departments** 24
- Using a national database of pediatric mental and behavioral health emergency department visits, we identify disparities in pharmacologic restraint administration.
- Ashley A. Foster, John J. Porter, Michael C. Monuteaux, Jennifer A. Hoffmann, Joyce Li, Lois K. Lee, Joel D. Hudgins*
-  **Emergency Department Visits and Hospitalizations for Eating Disorders During the COVID-19 Pandemic** 25
- Across pediatric hospitals, the volume of patients requiring emergency and inpatient care for eating disorders has doubled during the first year of the coronavirus disease 2019 pandemic.
- Carly E. Milliren, Tracy K. Richmond, Joel D. Hudgins*
-  **Risk Factors for Suffocation and Unexplained Causes of Infant Deaths** 26
- This study examines risk factors for sleep-related suffocation deaths and unexplained sudden deaths (including sudden infant death syndrome) associated with unsafe infant sleep practices.
- Sharyn E. Parks, Carla L. DeSisto, Katherine Kortsmit, Jennifer M. Bombard, Carrie K. Shapiro-Mendoza*
-   **Using AAP Guidelines for Managing Febrile Infants Without C-Reactive Protein and Procalcitonin** 27
- When C-reactive protein and procalcitonin testing are not available, the American Academy of Pediatrics Clinical Practice Guideline algorithms detect invasive bacterial infection in young, febrile infants with high sensitivity but low specificity.
- Tran H.P. Nguyen, Beverly R. Young, Amy Alabaster, David R. Vinson, Dustin G. Mark, Patrick Van Winkle, Adam L. Sharp, Judy Shan, Adina S. Rauchwerger, Tara L. Greenhow, Dustin W. Ballard*
- Sports Team Participation and Vaping Among High School Students: 2015–2019** 28
- Using 3 cohorts of the National Youth Risk Behavior Survey, this study identifies associations between sports team participation and electronic vapor product use.
- Eli Rapoport, Meng'ou Zhu, Duy Pham, Sarah A. Keim, Andrew Adesman*
- Preparticipation State Cardiac Screening Forms for Athletes** 29
- A minority of states include all 14 elements for cardiac screening of young athletes currently recommended by the American Heart Association.
- Zane J. Blank, Robert L. Spicer, Jeffrey A. Robinson*

ARTICLES (continued)

-  **Health Care Use and System Costs Among Pediatric Refugees in Canada** 30
• Through linked health administrative and demographic databases, this study measures early health care use and costs of refugees by different refugee resettlement models.
Natasha Ruth Saunders, Sima Gandhi, Susitha Wanigaratne, Hong Lu, Therese A. Stukel, Richard H. Glazier, Jennifer Rayner, Astrid Guttmann
- Obesity and Overweight Among Children With Medical Complexity** 34
• Our study suggests that obesity and overweight are common and potentially preventable comorbidities among children with medical complexity.
Maria I. Peinado Fabregat, Olga Saynina, Lee M. Sanders
-   **Primary Care Pediatricians' Perspectives on Autism Care** 35
• Clinicians caring for children with autism in the medical home face many decision-making, communication, care navigation challenges, highlighting the need for targeted improvements.
Nicole Hamp, Sarah L. DeHaan, Celina M. Cerf, Jenny S. Radesky
-  **Parent Perspectives on Sharing Pediatric Hospitalization Clinical Notes** 36
• This study reports parent experiences when physicians' notes are shared at the bedside in real time during their child's hospital stay.
Michelle M. Kelly, Peter L.T. Hoonakker, Carrie L. Nacht, Catherine Arnott Smith, Shannon M. Dean, Daniel J. Sklansky, Windy Smith, Carley M. Sprackling, Benjamin M. Zellmer, Ryan J. Collier
-   **Outcome of the AVID College Preparatory Program on Adolescent Health: A Randomized Trial** 37
• This randomized trial tests whether an academic untracking program (Advancement via Individual Determination) leads to healthier social networks and reduced substance use among Southern California 9th grade students.
Rebecca N. Dudovitz, Paul J. Chung, Kulwant K. Dosanjh, Meredith Phillips, Joan S. Tucker, Mary Ann Pentz, Christopher Biely, Chi-Hong Tseng, Arzie Galvez, Guadalupe Arellano, Mitchell D. Wong

REVIEW ARTICLES

Defining an Infant's Race and Ethnicity: A Systematic Review

• This review evaluates classification of infant race and ethnicity. Lack of standardization of this commonly used identifier results in misclassification and inaccurate reporting of outcomes.

Blair W. Weikel, Susanne Klawetter, Stephanie L. Bourque, Kathleen E. Hannan, Kristi Roybal, Modi Soondarotok, Marie St. Pierre, Yarden S. Fraiman, Sunah S. Hwang

40

Chronic Exercise for Core Symptoms and Executive Functions in ADHD: A Meta-analysis

• Chronic exercise interventions have beneficial effects on overall core symptoms and executive functions in children and adolescents with attention-deficit/hyperactivity disorder.

Huan Huang, Zhijuan Jin, Changshuang He, Shaoyu Guo, Yiwen Zhang, Minghui Quan

43

Parental Views of Facilitators and Barriers to Research Participation: Systematic Review

• This systematic review reports common facilitators and barriers to enrollment in pediatric research, with a focus on the view of parents who declined participation.

Julia M. Nathe, Tira T. Oskoui, Elliott Mark Weiss
