ARTICLES

-  **Pediatric Ethics Consultation Services, Scope, and Staffing** 21
 • This cross-sectional study quantifies staffing, structure, function, scope, training, and funding of pediatric ethics consultation services in 104 children's hospitals representative of 45 states.
Meaghann S. Weaver, Shiven Sharma, Jennifer K. Walter
-   **Follow-up After Pediatric Mental Health Emergency Visits** 22
 • Following a pediatric mental health emergency department discharge, we report rates of 7 and 30 day outpatient follow-up and return acute encounters, using Medicaid claims data.
Jennifer A. Hoffmann, Polina Krass, Jonathan Rodean, Naomi S. Bardach, Rachel Cafferty, Tumaini R. Coker, Gretchen J. Cutler, Matthew Hall, Rustin B. Morse, Katherine A. Nash, Kavita Parikh, Bonnie T. Zima
-  **Youth Suicide During the First Year of the COVID-19 Pandemic** 25
 • This study examines the estimated expected and observed overall number of suicide deaths in US youths during COVID-19, and by demographic subgroups and suicide method.
Jeffrey A. Bridge, Donna A. Ruch, Arielle H. Sheftall, Hyeouk Chris Hahm, Victoria M. O'Keefe, Cynthia A. Fontanella, Guy Brock, John V. Campo, Lisa M. Horowitz
- The COVID-19 Pandemic and Youth Suicide: 2020–2021** 26
 • Pandemic disruptions, mental health, and life stressors of youth who died by suicide are described; COVID-19 impacted suicides are compared to those not impacted.
Patricia G. Schnitzer, Heather Dykstra, Abigail Collier
-   **Childhood Abuse, Intimate Partner Violence in Young Adulthood, and Welfare Receipt by Midlife** 27
 • This population-based cohort study, leveraging administrative databases, shows a strong association between childhood abuse and intimate partner violence and long-term social welfare receipt into middle-age.
Pascale Domond, Massimiliano Orri, Francis Vergunst, Samantha Bouchard, Leanne Findlay, Dafna Kohen, Martine Hébert, Frank Vitaro, Richard E. Tremblay, Marie-Claude Geoffroy, Sylvana Côté
-  **Sexual Minority Youth E-Cigarette Use** 30
 • This study uses nationally representative data to examine youth e-cigarette use among sexual minorities, focusing on race/ethnicity and sex.
Sunday Azagba, Todd Ebling, Lingpeng Shan

ARTICLES (continued)

-   **The Quality and Management of Penicillin Allergy Labels in Pediatric Primary Care** 31
- In this review of 500 children with penicillin allergy labels, allergy documentation was poor, and children were infrequently referred to an allergist from the community.
- Margaret G. Taylor, Torsten Joerger, Sara Anvari, Yun Li, Jeffrey S. Gerber, Debra L. Palazzi*
-  **Early Initiation of HPV Vaccination and Series Completion in Early and Mid-Adolescence** 32
- Using NIS-Teen data, this study explores if initiation of human papillomavirus vaccination at ages 9 to 10 years versus ages 11 to 12 years increases series completion in early and mid-adolescence.
- Elizabeth Goodman, Marisa Felsher, Dong Wang, Lixia Yao, Ya-Ting Chen*
-   **Clinic-Based Financial Coaching and Missed Pediatric Preventive Care: A Randomized Trial** 33
- A pilot randomized trial of clinical financial coaching improved pediatric preventive primary care visit adherence and vaccination for low-income children through six months of age.
- Adam Schickedanz, Lorraine Perales, Monique Holguin, Michelle Rhone-Collins, Helah Robinson, Niloufar Tehrani, Lynne Smith, Paul J. Chung, Peter G. Szilagyi*
-  **Social Media-based Parenting Program for Women With Postpartum Depressive Symptoms: An RCT** 34
- An RCT of a social media-based parenting program examined differences in parenting and depressive symptoms among women with postpartum depressive symptoms.
- James P. Guevara, Knashawn Morales, David Mandell, Marjie Mogul, Talia Charidah, Michael Luethke, Jungwon Min, Roseanne Clark, Laura Betancourt, Rhonda Boyd*
- Sleep Apnea in Children With Down Syndrome** 35
- In a cohort of young children with Down syndrome (DS), the prevalence and severity of obstructive sleep apnea (OSA) were inversely related to patient age.
- Katelyn Seither, Benjamin M. Helm, Christine Heubi, Daniel Swarr, Kristen R. Suhrie*
-  **Comparing Strategies for Critical Congenital Heart Disease Newborn Screening** 36
- Through reviewing screening results and applying this database to different referral criteria suggested before, this study provide an updated strategy for universal newborn CCHD screening.
- Pei-Chen Tsao, Szu-Hui Chiang, Yu-Shih Shiau, Hsing-Yi Chen, Hsueh-Lan Lin, Hui-Chen Ho, Ming-Ren Chen, Jia-Kan Chang, Jou-Kou Wang, Shuenn-Nan Chiu, Mei-Jy Jeng, Kwang-Jen Hsiao*
-  **Pediatric Ethics Consultation Services** 37
- This national registry quantifies the presence of pediatric ethics consultation services (PECS) in children's hospitals in the United States and compares the structural environment of settings with and without PECS.
- Meaghann S. Weaver, Valerie K. Shostrom, Shiven Sharma, Amy Keegan, Jennifer K. Walter*
-    **Empathy Expression in Interpreted and Noninterpreted Care Conferences of Seriously Ill Children** 38
- In this mixed methods study of 29 care conferences, clinician empathic expression resulted in families sharing emotions and deepening the discussion.
- Aleksandra E. Olszewski, Jori Bogetz, Amanda Mercer, Miranda C. Bradford, Maya Scott, Blanca Fields, Kelli Williams, Abby R. Rosenberg, Amy Trowbridge*
- ### COMMENTARIES
- State of Emergency: A Crisis in Children's Mental Health Care** 23
- Hannah E. Karpman, Jean A. Frazier, Sarabeth Broder-Fingert*
- Anti-Poverty Interventions and Their Importance in Childhood Abuse Prevention** 28

REVIEW ARTICLES

-   **Young Adult Outcomes Associated With Adolescent Suicidality: A Meta-analysis** 39
- In this systematic review and meta-analysis of over 25 000 adolescents, we examined the relationship between adolescent suicidality and mental health-related outcomes in young adulthood.
- Nathan Cantor, Mila Kingsbury, Emily Warner, Hannah Landry, Zahra Clayborne, Raidah Islam, Ian Colman*
-   **Clinical Pathways for the Identification and Referral for Social Needs: A Systematic Review** 40
- Current evidence for implementation of identification and referral pathways for social needs in children and their families.
- Harmonie Wong-See, Anna Calik, Katarina Ostojic, Shanti Raman, Susan Woolfenden*

QUALITY REPORTS

- Increasing Utilization of the Preparticipation Physical Evaluation** 41
- This quality improvement project examines the utilization of the 14-element preparticipation physical evaluation (PPE) in the screening of pediatric patients before sports participation.
- Christa Miliarexis, Priya Misra, Deborah Friedman, Robin Altman, Michael Gewitz*
-  **Improving Identification of Interpreter Need in the Pediatric Emergency Department** 42
- We implemented a bundle of electronic health record prompts and alerts to improve the identification of limited English proficiency families and the use of interpreters in a pediatric emergency department.
- Katherine M. Gupta, Daria Campeggio, Chinonyerem Madu, James M. Callahan, Gabriela Jenicek, Priscilla Ortiz, Joseph J. Zorc*

DIAGNOSTIC DILEMMAS

- Increasing Seizures, Encephalopathy, and Hypothermia in an 18-Year-Old Woman** 43
- An 18-year-old woman with a history of epilepsy presented with worsening seizures, encephalopathy, multiple laboratory abnormalities, and hypothermia and was diagnosed with a rare syndrome.
- Tika Zbornik Thompson, William A. Rearick, Matthew F. Pizzuto, Carolyn Quinsey, Catherine E. Enyart, Steven P. Trau*

CASE REPORTS—Online only at www.pediatrics.org

- Persistent Elevation of Troponin I in a Pediatric Patient Resulting From Macrotrponin Complex**
- We present a 16-year-old patient with chest pain who had a prolonged elevation of troponin I after resolution of symptoms explained by persistently high levels of macrotrponin.
- Matthew R. Harberg, Mohammad F. Al-Mousily, Tanjina Akter, Nikolina Babic, Lanier B. Jackson*
- Pseudomonas Meningitis and Intracranial Hemorrhage in IRAK-4 Deficiency**
- Intracranial hemorrhages in children with interleukin-1 receptor-associated kinase 4 deficiency and pseudomonas meningitis with sepsis.
- Simon Hardman, Andrew Martin, Daniel Connolly, Catherine Waruiru*
