DIVERSITY, EQUITY, INCLUSION, AND JUSTICE

-  **Advancing Equitable Participation in Pediatric Clinical Trials Through Cognitive Interviewing** 11
Grace W Ryan, Melissa Goulding, Deicy Mejia Agudelo,
Stephanie Simms, Michelle Spano, Juliana Arenas, Sarah Becker,
Sonia Radu, Stephenie C. Lemon, Milagros Rosal, Lori Pbert,
Michelle Trivedi

RESEARCH BRIEFS

-   **Diagnostic Performance of AAP-Recommended Inflammatory Markers in Febrile Infants Aged 60 Days or Younger** 16
Lyubina C. Yankova, Corrie E. McDaniel, Ellen Kerns, Alaina Shine,
Beatriz A. Ruiz, Hayly A. Caruso, Paul L. Aronson

ARTICLES

-  **The Role of "The Talk" and Its Themes in Black Youths' Anticipatory Stress of Police Brutality** 19
• Receiving "the talk" from caregivers may reduce anticipatory stress of direct and vicarious police brutality. Messages during "the talk" matters.
Lindsey Webb, Monique Jindal, J'Mag Karbeah, Alexander Testa,
Rebecca L. Fix, Dylan B. Jackson
-   **Breastfeeding Trends Following the US Infant Formula Shortage** 20
• Using US birth certificate data (2016–2022) for 20,996,516 infants, this study identifies a surge in breastfeeding initiation amidst the 2022 infant formula crisis, mitigating disparities.
Luis Seoane Estruel, Tatiana Andreyeva

ARTICLES (continued)

-  **Extreme Heat Stress and Unplanned Hospital Admissions** 21
 • Through population-based cohorts, this study shows that extreme heat stress was associated with increased risk of hospitalisation due to infection and heat-related illness in children.
Wen-Qiang He, Gavin Pereira, Nan Hu, Raghu Lingam, Lindsey Hunt, Adrienne Gordon, Ollie Jay, Natasha Nassar
-  **Nirsevimab Effectiveness Against Severe Respiratory Syncytial Virus Infection in the Primary Care Setting** 22
 • The effectiveness of nirsevimab to prevent medically attended RSV-LRTI in infants in outpatient settings in Valencia and Murcia regions of Spain is 76%.
Mónica López-Lacort, Cintia Muñoz-Quiles, Ainara Mira-Iglesias, F. Xavier López-Labrador, María-Garcés-Sánchez, Begoña Escribano-López, Matilde Zornoza-Moreno, Jaime Jesús Pérez-Martín, Santiago Alfayate-Miguel, Antonio Iofrio-De Arce, Eliseo Pastor-Villalba, José Antonio Lluch-Rodrigo, Javier Díez-Domingo, Alejandro Orrico-Sánchez, on behalf of the MEDIPRIM network
-  **Risk of Transmission of Vaccine-Strain Rotavirus in a Neonatal Intensive Care Unit That Routinely Vaccinates** 23
 • This 1-year prospective cohort study investigated the incidence of vaccine-strain rotavirus transmission in a 100-bed neonatal intensive care unit that routinely gives pentavalent rotavirus vaccine to eligible patients.
Morgan A. Zalot, Margaret M. Cortese, Kevin P. O'Callaghan, Mary C. Casey-Moore, Nathan L'Etoile, Sarah Leeann Smart, Michelle J. Honeywood, Slavica Mijatovic-Rustempasic, Jacqueline E. Tate, Anna Davis, Nicole Wittmeyer, Carolyn McGann, Salma Sadaf, Kadedra Wilson, Michael D. Bowen, Rashi Gautam, Umesh D. Parashar, MBBS, Susan E. Coffin, Kathleen A. Gibbs
-  **Health Outcomes 50 Years After Preterm Birth in Participants of a Trial of Antenatal Betamethasone** 24
 • Fifty-year outcomes after preterm birth were studied by following up participants of the first clinical trial of antenatal corticosteroids for preterm birth.
Anthony G. B. Walters, Greg D. Gamble, Caroline A. Crowther, Stuart R. Dalziel, Carl L. Eagleton, Christopher J. D. McKinlay, Barry J. Milne, Jane E. Harding
-   **The Needs and Experiences of Black Families in the Neonatal Intensive Care Unit** 25
 • Through qualitative interviewing, Black families who had an infant in the neonatal intensive care unit described experiences and recommendations for increasing quality of care.
Devlynne S. Ondusko, Susanne Klawetter, Emily Hawkins Carter, Morinne Osborne, Jaime W. Peterson, Veronica I. Underwood Carrasco, Astrid Platteau, Roberta Suzette Hunte
- Bereaved Parents' Perceptions of the Doll Reenactment After Sudden Unexpected Infant Deaths** 26
 • A doll reenactment is emotionally challenging for newly bereaved parents after SIDS, particularly those who discovered the child lifeless, but can also aid parents' understanding.
Pål Kristensen, Atle Dyregrov, Torleiv O. Rognum, Richard D. Goldstein
-   **Applying Large Language Models to Assess Quality of Care: Monitoring ADHD Medication Side Effects** 27
 • This study assessed the accuracy of large language models in capturing electronic health record documentation of monitoring medication side effects in children with attention-deficit/hyperactivity disorder.
Yair Barnett, Fatma Gunturkun, Malvika Pillai, Jessica E. Herrmann, Ingrid Luo, Lynne C. Huffman, Heidi M. Feldman

STATE-OF-THE-ART REVIEW

-  **Supporting Children's Mental Health Needs in Disasters** 43
• Disasters can have short- and long-term psychological impacts on children. We review how mental health considerations can be integrated into disaster preparedness, response, and recovery.
Jennifer A. Hoffmann, Alba Pergjika, Kimberly Burkhart, Christopher Gable, Ashley A. Foster, Mohsen Saidinejad, Trevor Covington, Desiree Edemba, Sara Mullins, Merritt Schreiber, Lee S. Beers

QUALITY REPORTS

-  **Equity-Focused Interventions Improve Interpreter Use in the Pediatric Intensive Care Unit** 44
• This study demonstrates increased interpreter use for PICU patients after a multi-intervention quality improvement project.
Lena Oliveros, Hector Valdivia, Colin Crook, Lori Rutman, Surabhi Vora, Dwight Barry, Lauren Rakes

-  **An Improvement Project to Lower Pneumothorax Rates in Neonates Born at 36 Weeks' Gestational Age or Beyond** 45
• CPAP use in newborn resuscitation has been associated with pneumothorax. We modified the indication for CPAP and observed lower CPAP use and pneumothorax rates.
Jenica Sandall, Craig Hilborn, Stephen Welty
