

SEPTEMBER 1976

VOLUME 58
NUMBER 3

COMMENTARIES

- 307 A First Priority—Childhood Automobile Safety—T. E. Reichelderfer
308 British Debate on Obstetric Practice—I. Chalmers
312 Nathalie Masse, 1919-1975—C. A. Janeway
313 Paul Gyorgy, 1893-1975—L. A. Barnes
314 Life-Style Change—A Difficult Challenge—M. C. Heagarty

ARTICLES

- 316 Pediatric Automotive Restraints, Pediatricians, and the Academy—H. M. Lieberman, et al.
320 Car Safety for Infants—H. A. Kanthor
323 Health Education: Utilization of Infant Auto Restraints—D. B. Allen, and A. B. Bergman
409 Assessment of Methicillin-Associated Side Effects—M. D. Yow, et al.
335 Treatment of Apnea of Prematurity With Aminophylline—F. J. Bednarek, and D. W. Roloff
340 Influenza B Epidemic Among Children in Day-Care—J. D. Klein, et al.
346 Nosocomial Transmission of Group B Streptococci—R. C. Aber, et al.
354 Modes of Skin and Umbilical Care and the Incidence of Staphylococcal Colonization and Infection—J. D. Johnson, et al.
362 Management of Tracheobronchial Foreign Bodies in Children—D. Law and A. M. Kosloske
368 Two Programs for Predicting Adult Stature for Individuals—H. Wainer and D. Thissen
370 Effect of Chronic Salt and Water Loading on Tubular Defects in Fanconi Syndrome (Cystinosis)—B. S. Arant, et al.
378 Prolonged Pneumococcal Meningitis Due to an Organism With Increased Resistance to Penicillin—A. Paredes, et al.
382 Rapid β -Lactamase Test for Detecting Ampicillin-Resistant *Hemophilus influenzae* Type b—D. W. Scheifele, et al.
388 Epidemiology of Infections Caused by Ampicillin-Resistant *Hemophilus influenzae*—J. A. Jacobson, et al.

PEDIATRICS FOR THE CLINICIAN

- 392 On Failing in School—J. H. Menkes
394 School Failure—Evaluation and Treatment—E. Boder
403 Assessment of the Child at School Entry—M. C. O. Bax
407 Evaluation of the Child With a Learning Disorder—G. R. Hogan and N. J. Ryan
409 Learning Disabilities: An Office Approach—E. Denhoff

ARTICLES (CONTINUED)

- 412 Studies of Anabolic Steroids: V. Effect of Prolonged Oxandrolone Administration on Growth—G. A. Limbeck, et al.
423 Growth of Hyperkinetic Children Taking Methylphenidate, Dextroamphetamine, or Imipramine/Desipramine—M. D. Gross
432 Effect of Activated Charcoal on Acetaminophen Absorption—G. Levy and J. B. Houston
436 Childhood Hypersensitivity Pneumonitis Due to Dove Antigens—A. S. Cunningham, et al.
443 Paraplegia Associated With Umbilical Artery Catheterization in the Newborn—K. S. Krishnamoorthy, et al.

EXPERIENCE AND REASON—BRIEFLY RECORDED

- 446 Inferior Vena Cava Obstruction Secondary to Indwelling Venous Catheters—T. Riggs, et al.
448 Vitamin A Delivery in Total Parenteral Nutrition Solution—J. V. Hartline and R. D. Zachman
451 Immunologic Reconstitution in Severe Combined Immunodeficiency Following Transplantation With Parental Bone Marrow—R. S. Geha, et al.
456 Anterior Tibial Compartment Syndrome in a Child—R. Rosengart, et al.

AMERICAN ACADEMY OF PEDIATRICS

Pediatrics

- 423 **Growth of Hyperkinetic Children Taking Methylphenidate, Dextroamphetamine, or Imipramine/Desipramine**—Mortimer D. Gross
- 432 **Effect of Activated Charcoal on Acetaminophen Absorption**—Gerhard Levy and J. Brian Houston
- 436 **Childhood Hypersensitivity Pneumonitis Due to Dove Antigens**—Allan S. Cunningham, Jordan N. Fink, and Donald P. Schlueter
- 443 **Paraplegia Associated With Umbilical Artery Catheterization in the Newborn**—K. S. Kirshnamoorthy, R. J. Fernandez, I. D. Todres, and G. R. De Long

EXPERIENCE AND REASON—BRIEFLY RECORDED

- 446 **Inferior Vena Cava Obstruction Secondary to Indwelling Venous Catheters: Two Cases**—Thomas Riggs, Stephen Hirschfeld, Gordon Borkat, and Jerome Liebman
- 448 **Vitamin A Delivery in Total Parenteral Nutrition Solution**—John V. Hartline and Richard D. Zachman
- 451 **Immunological Reconstitution in Severe Combined Immunodeficiency Following Transplantation With Parental Bone Marrow**—Raif S. Geha, Artin Malakian, Gerard LeFranc, Denise Chayban, and Jean-Louis Serre
- 456 **Anterior Tibial Compartment Syndrome in a Child: An Unusual Complication of Cardiac Catheterization**—Ronald Rosengart, Ronald J. Nelson, and George C. Emmanouilides

AMERICAN ACADEMY OF PEDIATRICS

- 459 **Pediatric Nuclear Medicine**—Committee on Radiology

LETTERS TO THE EDITOR

- 462 **Academic Mischief**—Julius J. Wineberg; Lester F. Soyka and Donald S. Robinson
- 463 **Aminophylline, a Weak Bilirubin Displacer**—Rolf Brodersen and Signe Andersen
- 463 **Questions on Theophylline**—Charles R. Rosenfeld
- 464 **Temporary Aphasia as a Complication of *Mycoplasma* Infection**—Björn Guobrandsson
- 464 **Why Accept Stories About China?**—Robert O. Fisch; R.J.H.
- 465 **Intralipid and Cystic Fibrosis**—John Beveridge
- 465 **Are You Seeing Enlarged Breasts in Infants?**—Norma Dreyfus and Evelyn Lipper
- 465 **Air Lead and Blood Lead Levels in Children**—J. Hower, B. Prinz, and E. Gono
- 466 **A Question on Informed Consent and Measles Vaccine**—Gary Gorlick; Samuel L. Katz
- 467 **Comment on Continuous Positive Airway Pressure Device Claims**—George A. Gregory
- 467 **Infant Feeding and SIDS**—Allan S. Cunningham; J. Bruce Beckwith
