##### Editorial Board Disclosures

The American Academy of Pediatrics (AAP) Policy on Disclosure of Financial

Relationships and Resolution of Conflicts of Interest for AAP CME Activities is

designed to ensure quality, objective, balanced, and scientifically rigorous AAP

CME activities by identifying and resolving all potential conflicts of interest before

the confirmation of service of those in a position to influence and/or control CME

content.

Every individual in a position to influence and/or control the content of AAP

CME activities is required to disclose to the AAP, and subsequently to learners

whether the individual has relevant financial relationships with manufacturers of

commercial products and/or services discussed in the CME activities.

Each of the editorial board members disclosed that the CME content he/she

edits/writes may include discussion/reference to generic pharmaceuticals, off-label

pharmaceutical use, investigational therapies, brand names, and manufacturers, if

applicable.

None of the editors had any relevant financial relationships to disclose, unless noted

below. The AAP has taken steps to resolve any potential conflicts of interest:
